 **AL ANSARI**
GROUP OF COMPANIES

Mr. Abdulrahman Abdulla Al-Ansari

CEO Message

Warm Greetings from Al Ansari Group Of Companies!

Al Ansari Group was founded with a vision to act as facilitators, and help our clients with various aspects of their business operations. We are driven by the ambitions of expansion, diversification and consolidation.

We commenced with the rental of heavy equipments for the construction and landscaping purposes. The business evolved rapidly over the years and our clients who admired our commitment in assuring the quality of services and customer satisfaction started requesting us for new services. That is how we had initiated three more divisions that are Qibla Maintenance & Contracting that deals with manpower supply and MEP contracting, Al Ansari Packers & Movers for door to door logistics and Al Ansari Breakdown Services to tow away the breakdown vehicles.

None of this would have been possible without the commitment and loyalty shown by our employees and incomparable support and trust exhibited by our clients and other associates. We convey our sincere thanks to all of them in this juncture.

Mr. Abu Kombathayil

Managing Director's Message

Greetings !

Al Ansari Group offers clients "peace of mind" with its professional way of working. We try our level best to align our business with the development initiatives of Qatar, which is stated in the QNV 2030. For the last many years, we have been serving the Qatari market and have always been the trusted partner for our clients in whatever businesses we operate.

Al Ansari Group's evolution to become a prominent provider of rented heavy equipment industry is a saga of dedication, commitment to excellence, and a keen customer focus. Today, we are regarded as the most reliable partner in Doha and surrounding districts for any Heavy Equipment related needs.

As we begin yet another year of service, we take a pledge once again to offer the highest level of service to our clients at all times, and add value to their business, every day of their lives.

Introduction to the company

The Al Ansari Transport & Enterprises was established in 2004 based out of Doha, under the guidance of our Sponsor Mr. Abdulrahman Abdulla Al-Ansari and founder Mr. Abu Kombathayil each of whom has over 30 years of experience in the industry.

We are glad to offer you our best quality machineries, equipments and services as and when required and undertakes the ultimate goal of satisfying the best of your expectations at all times.

With our strong and professional team, we believe that Al Ansari Transport & Enterprises can be the best partner that provides the unparalleled services within the region.

Management/ USP

The Al Ansari Group is headed by Mr. Abdulrahman Abdulla Al-Ansari CEO of the Group. Mr. Ansari is a serial entrepreneur and a visionary businessman who can detect an opportunity that others cannot. His keen acumen and strong commitment to make clients happy are the guiding forces behind the Group.

Day to day operations, decisions, and direction setting are done by the core team of Mr. Abu Kombathayil ([Managing Director](#)) and his two Sons, Mr. Mohammad Shaheen ([General Manager](#)) and Mr. Ahammed Kamal ([Deputy General Manager](#)). Together, the core team manages both Al Ansari Transport & Enterprises W.L.L and Qibla Maintenance & Contracting W.L.L, the two main divisions of the company which covers all the lines of business. A Team of Managers, Supervisors and Technicians handle client requirements and deliverables at the ground level.

USPA

The five virtues that define who we are and what we do are:

- ♦ **Extensive Network:** We have an extensive network of equipment manufacturers, manpower suppliers, and specialists, so we can handle any requirement of yours.
- ♦ **Transparent Processes:** All our processes factors communicating or reporting important developments to clients, so that there are no unpleasant surprises ever.
- ♦ **Ethical Practices:** All our actions are in the best interests of our clients at all times. All documentation maintained by us is open for audit and analysis.
- ♦ **Quality Conscious:** We only choose the most reliable equipment and provide the highest level of service to ensure that our clients meet their expectations.
- ♦ **Cost Conscious:** Quality and cost are not mutually exclusive. Even as we provide top quality products and services, we will ensure they are cost effective.

Vision

Our goal and concern is to provide reliable value added products and services to our clients and becoming a dynamic leader committed to quality and excellence at its best.

Mission

- ◆ Constructing a better future and be the best choice for it.
- ◆ To implement international standards of quality and safety to enhance our brand name in the region.
- ◆ To be the customers' first choice as a supplier of safe, high quality and reliable heavy equipment rental services.
- ◆ To deliver the best available light & heavy equipment with the latest technology, in the Construction & Industrial sectors, with efficient after sale service & support.

Vision & Mission

**Al Ansari Transport &
Enterprises W.L.L.**

SAFETY

Safety Policy

Safety Policy: ATE operators and equipments are certified by Qatar Petroleum. This plays a vital role in workplace safety. The operators are well qualified and keeping a highly professional attitude in work place.

Maintenance

Maintenance: ATE have a large open garage and warehouse that are fully equipped for 7 Days/24 Hours mobile maintenance service. This will make sure the smooth running of our Equipments & Maintenance Vehicles.

In addition to that we have 5 mobile service units assigned to distinct areas of Qatar consists of highly experienced mechanics equipped with most advanced tools. This ensures the smooth running of our equipments and its operations without any failure.

Middle-East is seeing a construction boom like never before. There is a growing demand for new architectural designs, materials, and technology trends. This creates challenges for MEP (Mechanical, Electrical & Plumbing) Contractors as the requirements keep varying all the time. Overcoming this, and ensuring high-quality work is delivered under tight deadlines, requires a very high level of skills and expertise. Precisely what Qibla provides!

Qibla is part of the highly respected Al Ansari group of companies. It was established to meet the demand for high-quality Engineering, Construction and Maintenance services. As a one-stop partner and end-to-end services provider, we cover all aspects of building design, procurement, installation, testing and commissioning for Electrical, Air conditioning, HVAC, Plumbing, Drainage Works, ELV (extra low voltage) Systems and Fire Detection/Protection Systems.

Qibla Maintenance & Contracting is consisting of two main divisions that are Manpower Supply & MEP Contracting. The first one supplies skilled work force with multiple nationalities on a monthly or yearly contract basis. And the latter undertake MEP works of various projects and completes it on time in a professional course of action.

Our USP.

Qibla's USP is its people. Our management which has a collective experience of over fifteen years is supported by an exhaustive team of well-qualified engineers who are specialists in various aspects of engineering procurement and construction. At the next level, we have a field force of qualified and fully-trained technicians with hands-on experience in the local construction industry and MEP services in particular.

We are also known for our quality focus and strict quality norms which ensures superior quality of service to our clients. With our track record for exceeding customer expectations and with extensive experience in the industry, Qibla is poised to be one of major MEP service contractors in the Middle East.

Vision

- ◆ To be a trusted partner to business organizations and to be known for unsurpassed values and excellence.

Mission

- ◆ To provide our clients cost effective engineering solutions with high emphasis on quality.
- ◆ To contribute to the local community and electively participate in nation building.
